

CURRICULUM VITAE

Ebrahim Gilasian (PhD)

Date of birth: 05.04.1972

Nationality: Iranian

Marital status: Married

Iranian Research Institute of Plant Protection (IRIPP)

Insect Taxonomy Research Department

P.O. Box 1454, Tehran 19395, Iran

Tel: +98 21 22403012-16

E-mail: gilasian@iripp.ir; egilasian@yahoo.com, ebrahimgilasian@gmail.com

Academic qualifications

PhD: 2007-2013, Agricultural Entomology in Tarbiat Modares University, Tehran, Iran.

MSc: 1997-1999, Agricultural Entomology in Tarbiat Modares University, Tehran, Iran.

BSc: 1991-1995, Plant Protection in Uromia University

Research interests

Systematics of Diptera: Tachinidae, Syrphidae

Selected research projects

2021- present: Faunistic study of the order Diptera (Insecta) in Mangrove habitats in Iran

2021- present: The faunistic survey of the family Tachinidae (Diptera) as well as introducing the most important tachinid parasitoids of the agricultural pests in Agricultural region 4

2019-2021: Taxonomic survey of the phytophagous genus *Eumerus* (Diptera: Syrphidae) in Iran along with the pest species definition in agricultural and ornamental plants.

2019-2021: The faunistic survey of the family Tachinidae (Diptera) in Agricultural region 1

2017-2019: The faunistic survey of the family Tachinidae (Diptera) in southeastern Iran

2015- 2018: The faunistic survey of the families Tachinidae and Rhinophoridae (Diptera) in southern Iran

2014-2017: The faunistic survey of the subfamily Exoristinae (Diptera: Tachinidae) in Iran with emphasis on the materials deposited in the Hayk Mirzayans Insect Museum.

2013-2015: The faunistic survey of Syrphidae in Iran with emphasis on the materials deposited in the Hayk Mirzayans Insect Museum. (Executor)

2006-2008: Preliminary investigation on the incidence of panicle insect pests of Sorghum in Iran. (Consultant)

2006-2008: Identification, dispersal and hosts of fruit flies (Tephritidae) in Baluchestan. (Consultant)

2006-2008: Determination of dominant species of safflower flies(Tephritidae) in Sistan province and assessment of attractant materials effect with various traps on their population (Consultant)

2006-2008: Determination of distribution, density and natural enemies of safflower pests and natural control agents of wild safflower (*Carthamus oxycantha*) (Collaborator).

2004-2006: The faunistic survey of Syrphidae in East Azarbaijan and Ardabil Provinces (Executor)

2004-2006: The faunistic survey of Tachinidae in east Azarbaijan and Ardabil Provinces (Executor)

2002-2004: A faunistic survey on Syrphidae with determination of distribution and frequency of predator species in Mazandaran province (Executor)

2002-2005: Identification on natural enemies of *P. operculella* in field and storage conditions (Executor)

2002-2005: Identification of the Arthropods in the collection of Natural History Museum, Department of the Environment (Executor)

2002-2004: A faunistic survey of ornamental Thysanoptera in green houses in Tehran, Markazi and Mazandaran provinces (Executor)

2001-2004: An advanced survey on the Diptera fauna of wheat and barely in Iran using Geographic Information system (GIS) (Executor)
